PROJECTS THAT ARE ON OUR HORIZON

In 2019, we already have some great projects in the works. Here are some to look forward to.

As stated in a previous newsletter, the library is preparing to migrate our catalog to LINKcat. LINKcat is used by the majority of other libraries in our system. We will be able to fill holds quicker, get more unique materials, and process our new materials faster! Although preparations have begun, the big switch won't occur until Sept. at the earliest.

Our children's programs return March 4th with Mon and Wed storytimes. We will also be running a few programs during spring break for all ages.

We have begun planning for our new Summer Library Program. This year we will be rolling out a community-based program to encourage all ages to read. Look forward to greater partnerships with the schools, a wide range of performers and programs, and community-wide reading goals!
