WIFI HOTSPOTS!

Did you know that you can now check out WiFi Hotspots at the library? These helpful little gadgets will allow you to connect up to 6 devices to the internet which makes them perfect for road trips, commuting, or downloading materials for our digital library!

These WiFi Hotspots can be checked out for a week at a time and need to be returned across the desk. Since they are new a patron needs to be over 18 to check them out.

If you'd like to give one a try stop by the library and talk with one of our staff member. They will be able to hook you up!
