Every year, nearly 30 mil. Americans sit on a therapist's couch—and some of these patients are therapists. We will learn more about this process from someone who sits on both sides.

LIBRARY REOPENS MAY 3RD

On April 13th, the Monticello Library Board voted to move the library to Phase 2 of their Phased Reopening Guidelines.

As outlined, the library will resume in-person browsing without appointments though other amenities such as toys, seating, and bathrooms may yet be forthcoming.

Hours of service will remain the same. To learn more about the Phased Reopening Guidelines, you can find the document on our website or request a print copy at the library.

QUOTE OF THE MONTH

Most people either love or hate old libraries. To some, a room like this—dim, high-ceilinged, dusty, smelling of old paper and crumbling leather—would be oppressive, a place to flee from in search of sun and air. To others, like me, it was a wonderful cave filled with unimaginable treasures and unexpected treats. I always found myself inhaling deeply when I entered the stacks, as if trying to absorb part of them into my bloodstream.
