LIBRARY BEGINS STRATEGIC PLAN

The library is in the early stages of our first Strategic Plan. The Library board is gathering members for a subcommittee from our village and townships to lead out in this project.

Be on the lookout for future opportunities to give your input on the future of the library and our community in the coming months. There will be many ways you can engage in this project along the way through surveys and community conversations.

We look forward to working with all of our community members on this long term planning project!

QUOTE OF THE MONTH
